

Township of Moon Zoning Code, Landscape Ordinance

Township of Moon

1000 Beaver Grade Road Moon Township, PA

In 2013, Eisler Landscapes was invited to review the landscape ordinance for the Township of Moon. The existing zoning code was reviewed and re-written to bring it in line with today's sustainable practices. Code review included modifying existing bufferyard requirements to encourage native and naturalized landscapes, re-writing plant lists to include native plants and exclude invasive species, creating code to encourage pedestrian access for the businesses on University Boulevard, creating code to encourage pedestrian friendly development models for residential areas and encourage retrofitting existing cul-de-sacs with pedestrian and bike access, and requiring more trees and safe pedestrian crossings in retail areas and parking lots.
