

Chatham University-Main Campus

Chatham University

**1 Woodland Road,
Pittsburgh, PA 15232**

establishing historic paths around the pond. They participated in the award-winning restoration of the Gate House, an effort lead by Sota Construction, by re-grading the surrounding landscape, building stacked stone walls and installing fresh foundation and decorative plantings. Other work on campus included dealing with steep terrain, planting vegetative screens, laying brick donor walks, planting trees and installing new planting beds. We are proud to have had a role in maintaining one of our treasured Pittsburgh landscapes.

Having enjoyed an ongoing relationship with Chatham University since the mid 1990's, Eisler Landscapes has had the opportunity to work on many projects on the historic Olmstead-designed campus. Eisler crews restored the beloved duck pond, including planting lilies and re-
